

## *A Waterfront Brunch Never Tasted So Good!*

Brunch should be an endless buffet with bottomless champagne, sunshine and outdoor seating and a staff to attend to your every need, end of story! No small plates, no separate charges for this or that. One price, an amazing and bountiful selection of items to sample and savor, and vast ocean views...what could be better?

Come hungry and do it YOUR WAY (there's no roadmap to this journey). Have what you want, as much as you want to your heart's content! Want desserts to start it off? Go for it! Think you can eat our California rolls faster than we can make them... TRY US!

From an ever-changing "hot items" bar that includes the tried and true standards (Eggs Benedict, Bacon, Sausage, Breakfast Potatoes, Chicken, Fish and creative Pasta dish from the mind of our Chef) to the ocean fresh Seafood, Sushi and multitude of salads, cheeses and fruits! Crab legs with drawn butter? Pre-peeled Shrimp with cocktail sauce? Its all there... by the pound.

And let's not forget the "made-to-order" station where your personal chef will create an omelet exactly as you prefer, cook up some waffles before your very eyes, and let you tell him how thick that slice of beef should be before it makes it to your plate.

Did we mention dessert? (Actually we did, but let's do it again!) MINI-DESSERTS!!! Designed so you can have a bite of everything without feeling guilty (unless you're with your trainer, then you're on your own).

Reservations are highly recommended. Sunday 11:30am – 3:00pm. \$54.95 for adults / \$16.95 Children 6—12
